

Bus passes and Senior/Junior Parking 2017-2018

We ask all those who intend to apply for parking at the High School for the 2017-2018 school year to adhere to the following guidelines:

- All Seniors who apply for and meet all qualifications for parking will receive a parking space. A lottery will be held by the High School to determine what lot your Senior will park in. Please check the High School website for more information. www.hopkinton.k12.ma.us/domain/1393 Because you will receive a parking spot, please do not purchase a bus pass with the intention of swapping it for a parking spot. You may purchase a bus pass if you will be using both parking and the bus.
- If your Junior receives his/her license prior to July 1st, it is highly likely that a parking spot will be available. Please check the High School website for more information. www.hopkinton.k12.ma.us/domain/1393 Because you will most likely receive a parking spot, please do not purchase a bus pass with the intention of swapping it for a parking spot. You may purchase a bus pass if you will be using both parking and the bus.
- If your Junior does not receive his/her license prior to July 1st, we cannot be sure there will be a parking spot available when they apply. In this case we encourage you to purchase a bus pass for your student and to swap it out for a parking spot if one is available. Please check the High School website for more information. www.hopkinton.k12.ma.us/domain/1393

We provide these guidelines as a means of holding to a minimum the number of students who purchase bus passes with the intention of swapping them for high school parking. High School/Middle School Buses run at capacity and our hope is to not fill and reroute buses during the summer for students who will not be riding come September.

For all other information regarding High School Parking please visit the High School website. www.hopkinton.k12.ma.us/domain/1393
