Perfect for Halloween – a story combining ghosts, time travel, historical fiction, and the supernatural! 19-year-old Wes, spending the summer at an NYU summer program, films a strange girl, Annie, at a séance who seeks her lost cameo ring. He also meets Maddie, a modern NYC hipster. How are these two girls related? What happened to Annie's ring in 1825 that prevents her from resting peacefully? Can Wes be in love

with two women at the same time, even though one might very well be a ghost? Pick up a copy of the book at the library and join in the discussion! Call or email Young Adult Librarian Anne Thie to sign up: 508-497-9777 or athie@hopkintonma.gov.
